Special protective measures for using the archive due to COVID-19

Notice in Advance
Researchers of the archives must pre-register their visits with date and time. Pre-registrations must be made by 5 pm on the day before.

Masks
Masks are required in the whole building, including the reading rooms.

Hand Hygiene
Every time before entering the reading room or library, hands must be disinfected. Disinfectant is available in the anteroom.

Workplace
The archive staff will assign you a workplace. When talking to other researchers or the archive staff, please ensure a distance of at least 2 metres.

Magazines and Annual Reports
If you wish to consult the magazines "Der evangelische Heidenbote", "Missionsmagazin" or the annual reports of the Basel Mission, order the corresponding volumes from the archive staff.

Consultations
Consultations will only take place by appointment with the prescribed distance or via video conference. Please do not enter the offices of the archive staff but remain in front of them (floor markings) if you have a question or need help.

Personal Items
You can take personal items such as a notebook or mobile phone to your workplace, but you must disinfect them before use.

Show solidarity
If you fall ill with COVID-19, please notify us. Researchers with symptoms of disease are not allowed to enter the archive. The archive team reserves the right to expel persons with symptoms of illness from the reading room.
